2022 GGCP Raefresher
March 24, 2022
01 General Info
- What GCCP is, why we have it
- Facts
- General Announcements
- Workflow

02 Feedback / Tips on Forms

03 Descriptions of the 4 components

04 Special circumstances

05 Anything you want to ask about
01. What is GCCP? Why do we have it?
Different than, but modeled on HSCP (Health Sciences Compensation Plan)

Faculty may augment their by 30% and increase summer 9ths.

**Intent of the program**
- Incentivize faculty to obtain and use external funds for his or her research, teaching, and outreach.

**Potential Issues**
- Worries about decreased teaching commitment
- Changes to plan throughout the year
How it works

- Faculty may request up to 30% of their base salary+os (covered compensation) as additional compensation provided that they meet program requirements and have the funding to do it.
- The additional compensation is paid by non-state supported funds (such as endowed chairs, gifts, or research grants).
- The augmentation is added to their covered compensation (their base salary+off-scale) for what is called the “Total UC Salary.”
- Total UC Salary becomes their 9 over 12 salary and is used as the base for purposes of calculating summer ninths. It is NOT the same as covered compensation. Covered compensation is ONLY base+OS.
- Total UC Compensation: base+OS+negotiated increment+summer 9ths+admin stipend
A HISTORY OF
GCCP

01.
FACTS

- GCCP Started effective July 1, 2013 and was approved for a 5-year trial period
  - Participating Campuses at the time included:
    - UC San Diego
    - UC Irvine
    - UCLA

- Approved for an additional four years, 7/1/18-6/30/22.
  - As a condition of extending the plan, new fund restrictions, additional data, and certifications are required for participation (implemented for 2018)

- Current temporary 1-year extension for AY 22-23
- As of July 1, 2019, UCR also adopted GCCP
FACTS

- 131 Participants n 21/22
  - 74 Engineering
  - 30 Div Bio Sci
  - 13 RSM
  - 12 in Phys Sci
  - 6 in Social Sci

- Engineering over the years
  - 2013-2014: 40
  - 2014-2015: 52
  - 2015-2016: 51
  - 2016-2017: 60
  - 2017-2018: 61
  - 2018-2019: 61
  - 2019-2020: 71
  - 2020-2021: 74
General news

Due Date:

This year’s due date (to JSOE Dean’s Office): 4/30/22

Application Update

- Training Check - Done
- Funding Check - Done
- FSEP Request - Done
- Routing - Done
- Beta Test - Not done
General Tips
Visit: https://aps.ucsd.edu/compensation/apo-salary.html#General-Campus-Compensation-Plan

01 Submit Only When Final
Due date: We will work with you

02 Please make sure forms are typed!

03 Once negotiated and approved - NO CHANGES

04 List Good Standing in your call letter
The Process Tree!

Step 1: AP Manager reviews for overall completeness, pending review and retention file status, computation errors, and any red flags, such as inappropriate.

Step 2: AP Analyst reviews for good standing (Training, APM, GCS), and other items impacting pay (e.g., Leaves, FSEP).

Step 3: Business Director reviews fund sources to make sure they are appropriate, are properly funded, no deficits, etc.

Step 4: Exec Asst Dean reviews overall program and determines if any exceptions can be approved. Makes recommendation to Dean.

Dean reviews and endorses/disapproves request.

Requests are submitted to Academic Compensation.

Academic Compensation ensures correctness and completeness of requests, ensures program compliance, makes recommendation to EVC.

EVC makes final decision and directs Acad Comp to issue outcome.

Outcome is received in Dean’s Office and forwarded to Department.

Department enters into payroll.

Subsequent change is index throughout the year are entered by department and do not need to be reported, unless the edit is to an FSEP line.

Call Letter Goes out from EVC to all potentially eligible academics (note: this goes directly to academics and staff are not copied)

Departments Follow their GCCP Process

Request is received in Dean’s Office
If there is a retention pending please note that in this area also by checking yes and filling out the proposed information.

New for this year - for those with a pending review, enter both Proposed and Current salary info on the request. Worksheets will calculate based on proposed.

Final approval will be issued after outcome is final.

If the worksheet starting values do not match the outcome of a pending review, the worksheet will need to be redone and resubmitted.

<table>
<thead>
<tr>
<th></th>
<th>7/1/22 review pending. If yes, fill in Proposed and Current lines. Current line information for provisional letters only. If no pending review, use Proposed only. Worksheets calculate based on Proposed.</th>
</tr>
</thead>

UCPath Comp Rate Codes: UCANNL or UCANLI

UCOFFI
UCODES
UCCGYN

If the individual had or is undergoing a review eff. 7/1/22 mark yes UNLESS the review is completed and a final outcome has been issued by the time you submit the request.
New for this year

- Calculations are now displayed as percentage instead of decimal
  - 75% instead of .750000
- Decimal places have been designed to match UC Path entry
  - Expressed as a percentage with 6 decimal places
- Fields have been locked to prevent you from modifying formulas
  - This will likely result in rounding errors that you can't prevent. That’s ok. (More later)
- FSEP Form has been updated to reflect UC Path/Contingency Lines
Starting Values
The Easy Part!

1. **BASE**
   - Approved salary base per salary scales: Rank/step

2. **MOS**
   - Market Off Scale - extra covered comp - permanent

3. **BOS**
   - Bonus Off-Scale - temp covered comp
Starting Values
The Hard Part!
(not that hard, really)

- Approved salary base per salary scales: Rank/step
  - Must be rounded to the nearest $100 - but may never exceed 30%
- Round up or down if you are requesting less than 30%
- Round down if you are requesting 30%
- Must be the same % every month
Starting Values

Summer 9ths are eligible for retirement fund

Summer 9th's max salary earnings

Max out 3 summer 9ths first

Not required, but if they are not used, explain why.

Must have funding in hand to cover 9ths, even if they choose not to use it.
**Scenario 1:** Total UC Salary = $100,000, no GCCP
- 3 summer 9ths at $100,000K base = $33,333.33
- Total UC Comp = $133,333.33

**Scenario 2:** Total UC Salary = $100,000, 30% GCCP Participation, no summer ninths
- $100,000 UC Salary + $30,000 Negotiated increment
- Total UC Comp = $130,000
Total UC☆ Compensation:

1. **BASE**
   - Approved salary base per salary scales: Rank/step

2. **MOS**
   - Market Off Scale - extra covered comp - permanent

3. **BOS**
   - Bonus Off-Scale - temp covered comp

4. **Negotiated**
   - Approved salary base per salary scales: Rank/step

5. **Summer Salary**
   - Max out 3 summer 9ths first

Admin Stipend, If applicable

The Request Form - Fund Manager

Fund Manager Verification

- [x] I have verified that the funds listed on the attached worksheet are appropriate and sufficient to cover the salary, benefits, and contingency fund obligations and will be during the participation year.
- [ ] Funding from outside the department will be used. Backup showing approval of the use of this funding is attached.
- [x] The funds listed in the request are in an account/fund that is assigned to, or may be used at the discretion and approval of the requestor.
- [x] The funds listed in the request are (i) not appropriate and/or insufficient to cover the GCCP, associated benefits, and contingency fund obligations, or, (ii) will not be available for use during the participation year.
- [ ] There is currently a fund overdraft that must be corrected prior to start of the program.

Department Chair Endorsement

- Sign your name with an image or a digital.pdf signature
- Attached proof of outside funding (if applicable)
Department Chair Certification

- Good Standing
- Within Norms
- Satisfactory Review

- Teaching Load
- Retention/GCCP Discussion
- Allowable funds/contingency
The Request Form - Dept Chair

Department Chair Endorsement

- I certify that the requestor meets GCCP good standing requirements listed in the UCSD Implementation Guidelines
- I certify that the requested salary amount is within the norms of the department/discipline and is consistent with the UCSD Implementation Guidelines
- I certify that allowable and appropriate resources are available to support the proposal and that the contingency fund requirements have been met
- I have verified that the Requestor has not reduced and is not expected to reduce support for graduate students, postdocs, researchers, or any other positions tied to the listed account/funds in order to participate in the Program
- I have verified the Requestor attained advancement in rank or step at the last on cycle review or equivalent satisfactory review
- I certify that the Requestor will fulfill all teaching obligations this academic year
- I have verified that the Requestor is in compliance with all applicable University policies, procedures, and mandatory training requirements, including the following: Sexual Violence and Sexual Harassment Prevention Training, Cyber Security Awareness Training, and Lab Safety Training (if applicable)
- Requestor received formal retention offer: Yes or No: Yes
- In past 2 yrs: Yes
- In past 5 yrs: No
- GCCP was discussed during recruitment: Yes
- If true: Verbally: Yes
- In writing: Yes
- It was not discussed: No
- I am not able to verify all of the items listed above. See below for additional details/instructions on deficiencies in the proposal, and recommendations for correction
- I support the Requestor's participation in GCCP at the proposed base salary, negotiated salary component and Total UC Salary amounts
- I do not support the Requestor's participation in GCCP
Workload

- Those teaching less than the department norm
  - Dept Norm = the department's approved course load
  - Dept norm is NOT “Less than what they taught last year or previous years.”
  - If they always teach less state why.
  - You may need to attach an additional sheet.
  - Faculty participating in GCCP may not reduce their teaching commitment.
  - If the faculty member is on sabbatical or any other kind of leave, then their teaching is likely reduced. They should work with the department chair to ensure that they are meeting their workload for the year.
New
REMOVED!
Research Detail
In the vast majority of cases, a correctly completed form will either match or only be off by pennies in the “Difference from UC Salary proposed” field.
(uh oh - something’s wrong!)

- Make sure percent is 100 and the dollar amount matches
- Percent adds up to 100%, but the total is 8K off. Is it a Cap Gap error?
**Additional Items To Submit**

- Submit before or with request
- ALAS for any leave and Cat 1 approval if applicable
- Outside funding
  - NOA
  - Misc
- If showing up as non-compliant at time of submission

- FSEP Forms
- Leave Forms/Cat 1
- Email Back Ups
- Proof of training
The four components of the GCCP Worksheet
Four Components of GCCP

- **Covered Comp**
  - Base+OS FTE
  - State funded

- **Covered Comp Other**
  - Contingency
  - FSEP
  - Sabb
  - Sabb Supp
  - Non-State funded

- **Negotiated**
  - Non-State funded

- **Summer**
  - Can be a mix of state and non-state in some cases
  - State funds = 1/9 of Covered Comp only
  - Limit 2 months state and NSF
- Covered Compensation supports research, teaching, and service
- LRF/Teaching base salaries are 100% state supported by an FTE (Full Time Equivalent)
  - Base Salary aka Covered Compensation = Scale Rate + any OS
- General Campus faculty may supplement their covered compensation by using outside fund sources to support research.
- General Campus Faculty may not pay for their own teaching or service using research funding.
  - Teaching + Service = 50% of expected commitment.
  - Therefore, General Campus Faculty must receive at least 50% of their base salary from state supported funds (the minimum).
  - The maximum (aka target) that can be funded in this section is 100% of the FTE minus the contingency amount.
### Salary Sources

**Covered Compensation - FTE Fund Sources**

Use this section to record salary paid from the faculty member's regular FTE. Fund sources are 931004. The maximum annual salary for this section will be the covered compensation rate (the scale rate plus off-scale amount), less funds set aside for the contingency funds and less any funds used in for FSEP. The minimum annual salary for this section is 50% of covered compensation rate.

July-Dec=75%
Jan-June=75%

is to make up for the salary from FTE fund sources that was set aside for the contingency fund and for FSEP. It may also be
What other fund sources?

- Contingency
- FSEP (Faculty Salary Exchange Program)
- Partial Sabbatical with Sabbatical Supplement

But **NOT** Course Buyouts

- Why?
Contingency

- **What It is:**
  - A fund covers faculty who default on GCCP.
  - All faculty must put 10% of their negotiated increment into the contingency fund.
  - Once flush, departments can begin to distribute the excess towards other sources.

- **Why is this considered covered compensation?**
  - The 10% contingency is drawn from state funding and then replaced by another source to make the salary (i.e. FTE) whole. Essentially – a tax on their salary.

  - **Example:** 100K Total Covered Comp + 30K Negotiated Increment
    - $100,000 total Covered Comp is reduced by $3,000
    - $3,000 goes to the contingency fund.
    - $97,000 of salary is now supported by state funds.
    - Faculty member must identify a new source to pay for the missing $3,000.
Contingency (Cont)

**Rules to follow**
- The contingency fund is *always* funded in this section.
- The contingency fund is *never* from a state funded source (including start-up) - no exceptions.
- The contingency should be listed as a separate line entry.
- The contingency must be rounded up to the nearest .0001 percentage.
  - Note - the formula in the spreadsheet may prevent this from happening - this is ok.
Sample base+contingency funded

### Covered Compensation - FTE Fund Sources

Use this section to record salary paid from the faculty member’s regular FTE. Fund sources are 99100A. The maximum annual salary for this section will be the covered compensation rate (the scale rate plus off-scale amount), less funds set aside for the contingency funds and less any funds used in for FSEP. The minimum annual salary for this section is 50% of covered compensation rate.

FSEP (Faculty Salary Exchange Program)

What it is:
- Program that allows faculty to cover part of their FTE with non-state funds.

Why do they do this?
- They may be required to do it by their funding agency
- They may want to release state funds for some other purpose

The Rules:
- FSEP requests for GCCP participants should come forward at time of the initial GCCP submission. (The GCCP program requires complete funding to be pre-determined for plan participation.)
- If it is necessary on occasion to submit an FSEP request after the GCCP program has begun it is allowed. However, FSEP requests sent forward after the program has begun should be infrequent instead of the norm.
FSEP (Faculty Salary Exchange Program-Cont)

- The rules
  - FSEP is always based on the Covered Compensation Rate (aka JUST the FTE)
  - FSEP is always funded by a non-state funded source supporting the faculty member’s research
  - FSEP can never exceed 50% of the Covered Compensation Rate
  - FSEP must be taken concurrent with the entire pay period.
  - The percentage of FSEP appearing on the worksheet will be different than the percentage of FSEP appearing on the request.
    - Fill out the FSEP request first, determine the dollar amount that the percentage will yield, calculate the corresponding percentage on the worksheet that will yield that dollar amount.
EXAMPLE 1: 15% FSEP WI22

$100,000 Base+OS (FTE/Covered Compensation)
$30,000 Negotiated
$130,000 Total UC Salary Rate

- Covered Comp (aka FTE) = $100,000,
  - Remember FSEP is always based on the Covered Compensation Rate (aka JUST the FTE)

- 15% FSEP for WI22 = $100,000/12 * 4 months * .15 = $5000
  - Your GCCP worksheet should reflect a $5000 charged to the FSEP Chart String
  - The percentage on the worksheet WILL NOT equal 15%
    ■ Why?
    - The worksheet funds Covered Comp + Negotiated increment
    - FSEP is based on Covered Comp only
    - 15% of 130K is not the same is 15% of 100K.
The note in this example is to help you understand the different percentages reflected on the FSEP vs the worksheet. It's not necessary for submitting the form, but you may add it if it helps.
What if a faculty member wants to participate in FSEP on a Capped fund? _Same FSEP rules apply_

- Percentage is calculated exactly the same way.
  - Dollar amount achieved will be lower because it’s based on the Cap Rate
  - Difference is made up by another non-NIH fund that we call a “Cap Gap” and does not have an associated percentage
  - FSEP form will look no different with regard to percentages, however you should note in the notes section the Cap rate and the Cap Gap source.

- NIH cap is the _maximum amount_ that can be changed to an award for salary. Some faculty make more than that amount, but the fund is capped, and thus there is a gap
- Percent is based on the rate of the NIH CAP
- The funding not covered is a gap. It is a dollar amount and does not have an associated percentage
EXAMPLE 2: 15% FSEP WI22 with NIH capped fund

$154,500 Base+OS (FTE/Covered Compensation)
$45,500 Negotiated
$200,000 Total UC Salary Rate

● Covered Comp (aka FTE) = $154,500
  ○ Remember FSEP is always based on the Covered Compensation Rate (aka JUST the FTE)
● 15% FSEP for WI22 = 154,500/12 * 4 months * .15 = $7,725
  ○ Your GCCP worksheet should reflect a $7,725 charged to the FSEP Chart String
  ○ But, one of your funds is capped by NIH at 197,300 - so you need to make up the difference. The FSEP form will still request a 15% FSEP,
### Sample FSEP with NIH CAP and GCCP

#### Pay Period of Funding Exchange
(Must coincide with quarterly pay periods):

**Begin:** 11/01/22  
**End:** 02/28/23

**Contingency for GCCP: 100%**

#### Notes:
- Participating in GCCP
- Submitted APM 025
- CAT 1
- On Leave
- Teaching Overload

15% of Base+OS (154,500) for 4 months = $7,725
11.5875% of $200,000 for 4 months = $7,725
11.5875% of $197,300 (NIH Cap) for 4 months = $7,620.72
$7,725-7,620.72 = 104.28 on gap funds
Sample FSEP with NIH CAP WI 23

Covered Comp=154,500
Negotiated - $45,000
FSEP for WI 22 is 15% of covered comp= $7725
NIH CAP = $197,000 (monthly rate is 16,441.67)

| BASE+OS-contingency=[COMP] | FSEP=7620.72+103.60=$7724.32 |

**Covered Compensation - Other Fund Sources**

Use this section to record salary that is part of covered compensation, but is not coming from regular FTE fund sources. This is to make up for the salary from FTE fund sources that was set aside for the contingency fund and for FSEP. It may also be used to record sabatical leave supplement funding.

**Notes:**
- Reduced state support due to FSEP in WI
- Base+OS-contingency=149,950

**FSEP Fund Source Minimum:**
- 77,250.00
- FTE Fund Source Target (excl. FSEP): 149,950.00
Partial Sabbatical with Sabbatical Supplement

- **What it is**
  - Faculty will sometimes take a “partial” sabbatical, meaning that they are partially excused from their normal duties while still receiving state-funded pay for that part of their salary.
  - Faculty participating in GCCP must pay the remaining portion as a “sabbatical supplement” using external fund sources.

- **Rules to Follow**
  - Sabbatical leaves are always fully funded at the percent of leave by state funds.
  - The remaining portion is paid on non-state funds.
  - Any request of this nature should demonstrate a continued full commitment to the approved teaching load.
  - If teaching load is to be reduced, a clear and compelling reason for it needs to be included in the request.
Example: 33% Sabb Supp

- Covered Comp (aka FTE) = $154,500, Total UC Salary = $200,000
  - Remember Sabbaticals are *always* based on the Covered Compensation Rate (aka JUST the FTE)
- 33% Sabb Supplement for SP 23 = \( \frac{154,500}{12} \times 4 \times 0.33 = $16,995 \)
  - Your worksheet should reflect $16,995 charged to the Sabbatical Supplement chart string
  - The percentage on the worksheet WILL NOT equal 33%
    - Why?
      - The worksheet funds Covered Comp+Negotiated increment
      - Sabbaticals are based on Covered Comp
      - 33% of 154,000K is not the same is 33% of 200K.
Example: 33% Sabb Supp

Covered Compensation - FTE Fund Sources

Use this section to record salary paid from the faculty member's regular FTE. Fund sources are 99100A. The maximum annual salary for this section will be the covered compensation rate (the scale rate plus off-scale amount), less funds set aside for the contingency funds and any funds used in for FSEP. The minimum annual salary for this section is 50% of covered compensation rate.

Minimum Amount: 4,550.00
Target Amount: 21,539.96

Covered Compensation - All Fund Sources: 154,513.36
Difference from actual covered compensation: 13,36
The negotiated increment **MUST** be rounded to the nearest $100 - but may *never exceed 30%*

- Round **down** if you are requesting 30%
- Round up or down if you are requesting less than 30% (faculty member’s choice)
- Because both the FTE and the contingency fund must be rounded up, the negotiated increment will generally be underfunded,
The Rules

- Only **external funds** will be used to pay the negotiated portion of the salary.
- “External funds” = any non-state-appropriated funds, such as (but not limited to)
  - endowment or gift income,
  - professional degree fees,
  - self-supporting degree fees,
  - contract and grant support.
- General Funds cannot be substituted for external funds in support of the program.
- The funds **should not** be discretionary funds located in the department, school, college, or campus.
- Funding **must be in place** by the time the request is **submitted**
Building from previous sample:

100% funded, total salary within 4 cents

SP Sabb Supplement
Can be a mix of state and non-state in some cases
State funds = 1/9 of Covered Comp only
Limit 2 months state and NSF

Summer

The Rules

- Faculty participating in GCCP are eligible to receive 3 summer 9ths based on their Total UC Salary Rate.
- If applicable, *Summer Session teaching will be based on the covered compensation rate* (does not include GCCP negotiated component) in effect on 6/30.
- Summer salary under GCCP may only be issued in July, August, and September (7/1 – 9/30 pay period).
- The Jacobs School of Engineering allows up to 2 *summer 9ths* at the covered compensation rate to be paid by start-up funding in a given year.
- Jacobs School faculty may use start up to pay a total of 4 months summer salary may at the covered compensation rate over their careers.
- As a general policy, NSF limits the salary compensation requested in the proposal budget for senior personnel to no more than *two ninths* of their regular salary in any one year.
### Summer Salary

Use this section to record summer salary from all fund sources.

**NOTE:** All summer salary must be paid between July 1 and September 30. For partial month payments, you will need to override the calculation of the number of months by entering the appropriate value (e.g., 1.5) in the MO column.
